To whom it may concern

In early spring 2003 we had our first contact with Mr. Milos Prudek. Since then he has translated a number of larger projects into Czech for us. We certainly enjoyed the good cooperation, the punctuality and the expertise of understanding the subject which shows the professionalism Mr. Milos Prudek is handling translation jobs. We certainly would like to ask Mr. Milos Prudek again for all our translations into Czech and I am pleased to recommend him.

We would like to wish Mr. Milos Prudek the best.
